

Freedom of Information

Dundee and Angus College is committed to the principles of freedom of information and to ensuring transparency in all College activities. The Freedom of Information Act requires us to make certain information available to the public. We have therefore adopted the Model Publication Scheme approved by the Scottish Information Commissioner for further education colleges.

This scheme outlines information about College services and activities and provides information on how to obtain further details and charges (where applicable) for the provision of information.

Information in our publication scheme will be reviewed regularly to ensure that it remains up to date.

The Freedom of Information Publication Scheme is [available online](#) (PDF).

You can also contact us directly via foi@dundeeandangus.ac.uk if you have an information request which is not covered by our scheme.

If you are dissatisfied with the outcome of a Freedom of Information request, please see the [Complaints and Requirement For Review information](#).
